Identifying Patterns

Students Name: _____

Look around you, listen, move around, think about nature, think about your day. Where might we find patterns? Can you find patterns in the following categories? Or think of some differnt places we may find patterns! Write or draw what you find.

1. Write category in colored box on left. Write or draw examples on right. Work should be done neatly.
2. Please list at least two for each category. 10 total points for worksheet.

Sight	1. I see a pattern on the United States Flag. 2. I see a pattern on the floor. 3. The quilt on my bed has a repeating pattern
Sound	1. I hear a pattern in the song on the radio 2. I have to clap patterns or beats in music class.
Movement	1. I have to know a pattern to do a certain dance. 2. My brother is triple jumper and he has a pattern to his steps.
Daily Activities	1. I have school 5 days and I'm off 2 days. 2. My dad works 4 days and is off 3 days. 3. I brush my teeth, go to bed, wake up and brush my teeth
My Finds	1. My cousin is blind and I can "feel" patterns in her books called braille.
